

An update on the community hub

Photo: A view of the Phase 1 redevelopment.

The Cambridge Road Estate (CRE) regeneration programme is progressing, with Phase 1 Construction underway, as shown in the image above.

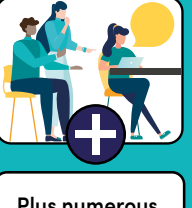

We're also updating the design of the community hub (community centre) to include facilities and dedicated spaces for the new neighbourhood. This will be delivered in Phase 1, with works targeted to commence later this year. Turn the page to find out more.

Thank you for all your ideas, feedback and suggestions, all of which are contributing to helping shape the new community hub.

How did we engage with the community?

Since 2019, we have held events and engagement sessions to capture your views and ensure that any proposed community facilities would be suitable for all ages and needs. We held:

 <p>7</p> <p>Workshops</p>	 <p>1</p> <p>Pop-up on Madingley Green</p>	 <p>2</p> <p>Surveys</p>	 <p>7</p> <p>Outreach sessions at existing community groups and activities</p>	 <p>2</p> <p>Workshops with RBK's CRE Regeneration Team, neighbourhood manager, Housing, Achieving for Children, and Public Health</p>	 <p>+</p> <p>Plus numerous conversations with community stakeholders and partners</p>

We asked and you said these are your priorities for the new community hub:

comfortable storage social study/workspaces safe friendly staff café accessible
 clear signage inclusive welcoming health and wellbeing
 creative exercise kitchen flexible spaces bright

Next steps

Over the next few months, we will continue our work with the design team to make as many of the priorities, suggestions and ideas work as possible. We will also continue our work with local NHS

partners and Sport England before the designs are finalised.

Once the design is in place, we will send you a newsletter with the final community hub design and approximate timetable for start and completion.
